REPORT OF SUPERINTENDENT OF SCHOOLS

To the School Board and Citizens of Swanzev :

I have the honor to submit my eleventh annual report.

Teachers: Four of our last year's teachers are no longer with us. Mr. Paul A. Lamothe is currently teaching in the Charlestown union. Mr. Robert C. Nims accepted a teaching position in California. Mrs. Lois F. Plimpton is not teaching this year for domestic reasons. Mr. Jerome J. Rogers is teaching at present in Florida.

There are five new teachers in our schools this year. They are all graduates of Keene Teachers College, Class of 1957. Mrs. Dorothy C. O'Mara is teaching grade 1. Miss Annette R. Smith grade 3 and Mrs. Constance C. Tremblay grade 4 at the Mt. Caesar school. Miss Theresa Ann Martin and Mr. Roland W. Warner are teaching grades 7 and 8 at the Cutler School.

Buildings And Grounds: We have finally moved into the two room additions at the Cutler and Mt. Caesar Schools. These additions are now making it possible to have a more even distribution at each grade level. The new arrangement of having the first four grades at the Mt. Caesar School and the upper four grades at the Cutler School is working out very well.

The seventh and eighth grades at the Cutler School are housed in the new wing. This provides an opportunity for the pupils to move about in a junior high school arrangement without disturbing the classes in the main building. These seventh and eighth grade pupils have four different teachers in specific subject areas. This makes the adjustment to high school much easier for them.

1965-66	89	60	74	91	314

As was mentioned in last year's report, the figures in the above table showing possible future high school enrollments are almost certainly too high. They do not take into account that there will be school drop-outs between grades 8 and 12. However, they also do not reflect the possibility of additional pupils of high school age moving into Swanzey. These figures, therefore, are by no means to be considered factual. They are intended only to provide an indication of enrollment possibilities.

With tuition rates increasing year after year and no end in sight the tuition item in the Swanzey School District budget bulges larger and larger. Our school budget is becoming in-

creasingly burdensome to the property tax payer. A broad base tax is sorely needed in New Hampshire to provide relief. At the same time we should examine all possibilities of keeping our expenses within reasonable limits.

With Swanzey continuing to grow, the possibility of the formation of a cooperative school district with neighboring towns should be thoroughly explored. Perhaps this is not the answer to Swanzey's school problems but it would do no harm to get the facts through a thorough study of this possible solution. Folks from Swanzey could meet with folks from Winchester, Richmond and Hinsdale and determine through investigation whether or not a cooperative district would be desirable. It certainly makes sense to try to find out where we can get the most value for each dollar spent.

In conclusion, I wish to express my appreciation to the teachers, pupils and parents, the School Planning Committee, the School Board, and the patrons of our schools for their cooperation.

Respectfully submitted,

CHESTER C. LEES,
Superintendent of Schools.

Forest Fire Prevention is Everybody's Business

New Hampshire faces a continuing challenge in its forest fire problem—97 per cent of all our forest fires being man-caused and preventable—a serious indictment of interest in our own welfare and that of our neighbor. Both the State and the towns are striving diligently to effectively meet the challenge through education of the public to the threat fire presents to our woodlands; by maintaining a well trained corps of wardens and deputy wardens in every community and by providing ample opportunity for all who wish to dispose of unwanted waste materials. Careless and perverseness, however, continue to be the big hurdles.

Thoughtlessly discarded lighted cigars, cigarettes and matches from moving vehicles by hikers, hunters and fishermen; careless burning of debris during hazardous periods in dangerous locations; illegal burning; improperly extinguished debris, camp and cook fires—all result in serious loss of property disruption of industry and farm work and unnecessary expenditure of town and state funds.

To meet the challenge successfully, the state, your community and your local forest fire warden need YOUR thoughtful and cooperative effort—The rules are simple.

1. Don't burn at home—use your town dump and avoid all fire problems.
2. If you do burn, be sure to secure a written permit from your local forest fire warden when the ground is not covered with snow. Permits are required for open debris fires, home incinerators, outdoor fire places and camp fires. Your warden is instructed to permit burning if weather conditions, site and type of burning are safe.
3. Be sure that all lighted material cigars, cigarettes and matches—are completely out before discarding them. Use ash trays in automobiles.
4. Make certain that your debris, camp and cook fires are completely out before leaving them.
5. Insist that others be careful and comply with burning requirements.
6. Call the warden promptly when fire is detected and aid him to extinguish it.

REMEMBER—the fire you prevent might be the one which could burn YOUR property.

REMEMBER—FOREST FIRE PREVENTION is EVERYBODY'S BUSINESS
